A group of five children, three boys and two girls, are standing in a line and holding a large, white rectangular sign. They are all looking down at the sign with interest. The boy on the far left is wearing a grey long-sleeved shirt and grey pants. The girl next to him has long brown hair and is wearing a grey patterned shirt. The boy in the middle is wearing a bright yellow shirt. The boy next to him is wearing a white shirt. The girl on the far right has long dark hair and is wearing a light blue shirt. The sign they are holding contains a list of toy categories in bold black text. The background is a plain, light-colored wall and floor.

BALL PIT BALLS

FUNBALLS

These games provide an ideal atmosphere for children to sharpen their physical and mental skills. Providing a suitable opportunity for the child to communicate, contact with other children, show emotions and even creating an environment to facilitate learning and understanding of shapes as well as enhancing the child's five senses, are among the merits of appropriate toys. Ocean ball pools are regarded as the most important and efficient motion games in amusement parks, kindergartens and even at home.

HCH company has taken effective steps towards children's health by using **nanotechnology** in producing proper balls. We also, use **antibacterial** material and **edible colors** instead of toxic and harmful industrial ones, to add both charming appearance and making the surface safe for children and especially the very soft toddlers' skin. We guarantee our products to be hygiene and nonpolluting.

FOOD GRADE

SPECIAL GAS FILLED

ANTIBACTERIAL

EDUCATIONAL GOALS:

- Development of movement and physical skills
- increasing the self-confidence's
- Increase hand-eye coordination
- Increasing the speed of the reaction
- managing the surrounding space

For some, ball pool balls provide a feeling of safety and calm when they are overwhelmed or anxious, and many users find the sensation of moving through ball pool balls to be calming.

For more rambunctious play, throwing the balls across the pool can help engage their muscles and encourage gross motor skills. This can also be a great way to work through difficult emotions without doing any damage.

- The packaging and supply of this product depends on the target market and the customer's choice, in terms of color. The type and shape of packaging and even the number. Or it can be purchased in bulk for special entertainment centers.

Colors:

Purple Blue Green Red Orange Yellow

FEATURES:

- Number of Sizes: 3 size (Small / Medium / Large)
- Package type: Net bag / Special export package
- Each ball weight: 5.5 / 7.5 / 9.5 gr
- Diameter of each ball: 6.5 / 7.3 / 8.2 cm
- In addition to the above-mentioned features, using high quality materials, removing the sharp edges and thanks to the nanotechnology all of the features go hand in hand to produce a soft and firm product that can tolerate weights more than 130 kilograms for pool ball product.

VH-6110

Dimensions: 65*30*45 cm

- Rocker Chairs consist of a rocker Sole and a four-wheeled car by connecting the sole to the wheels of the car, this device becomes a swing or a balance chair
- Rocker Chairs are produced for greater safety for a child with a low and suitable height so that the child does not get hurt when coming down from it.
- This product is smooth and safe due to its quality wheels and this makes this dual balance.
- The maximum load recommended by the manufacturer: 40 kg

2-in-1 ROCK & RIDE

- This versatile toy functions both as a rocker and a four-wheel ride-on car. The base can easily convert it into a rocking chair, or removed to turn it into a fun ride-on vehicle. Designed to help develop balance and coordination while keeping your child entertained.
